

## Danikajo Facinto

Payroll Coordinator

Danika is a compassionate healthcare professional with a unique blend of experience in both behavioral health and pediatric nursing. With five years of experience as a Registered Behavior Technician (RBT) in the field of Applied Behavior Analysis (ABA), she has worked closely with children with autism and other developmental disabilities, implementing personalized behavior intervention plans and promoting positive behavioral changes.

Building on this foundation, Danika is now a dedicated Pediatric Registered Nurse, where the skills honed in the ABA field—such as patient-centered care, effective communication, and understanding of child development—are applied to provide comprehensive and empathetic care to young patients.
