

Shannon Nolte, RBT

Registered Behavior Technician

Shannon Nolte is a Registered Behavioral Technician with 2 ½ years of experience in working with clients diagnosed with autism. Starting her career in a special education classroom, she has earned her license as a behavioral technician and is now working towards a degree in speech language pathology. Shannon is passionate about helping clients improve behaviors and better meet their treatment goals. Skilled in implementing acquired programs and reduction strategies for problematic behaviors. Shannon's passion for working with children goes beyond her training and she hopes to help parents and caregivers give their children the best support to make them happy and healthy individuals.
